

Additional paid work opportunity - NHS Intermediate Support Team

In preparation for winter and in anticipation of increased pressure on services, NHS are seeking to enhance the Intermediate support team. The team operates over a 24-hour period 7 days per week and involves supporting adult social care colleagues to deliver services. Team members will be able to demonstrate relevant experience or transferable skills, have a driving licence and access to a car.

This is a really important role which will help to support critical services and also provide enhanced skills and development.

It will be a paid opportunity in line with NHS terms and conditions. For further information about the opportunity to join the team in some capacity, in the first instance please discuss with your manager, and thereafter contact Jackie Hodges 07979883020 or Ariane Jamieson 07974619366
