

LOCHABER CARES

Your voice, your community, your invitation.

A Community Learning and Development Approach to Community Mental Health Services for young people aged 5 -24, the Lochaber Cares project will facilitate community mental health and wellbeing projects and include events for children, young people, families, and communities. The Cares Team are holding Stakeholder workshops in each of the Community Planning Partnership areas to enable us to capture the voices and needs in your local area. This is your opportunity to influence the priorities for your community.
